Fabric Pop Up Systems

Our ultra lightweight aluminum alloy fabric pop up display is an impressive backdrop for your tradeshow, exhibition, or conference. Hi-res printing with dye sublimation on premium quality fabric is fastened on the frame with hook and loop, which means you do not need to attach your image to the product each time you set it up.

- Quick and easy set-up of the fabric display
- The graphic is stretched out as you set up the frame
- Wrinkle resistant premium quality fabric
- Light weight aluminum frame with graphic collapses into a compact unit
- No hassles with bars or magnets
- No panels to fix or roll away
- No worrying about image details matching up on graphic panels
- No tools required

Pop Out Displays

Pop-Out Banners provide many alternatives to traditional ground-mounted signage. Any message, logo or design can be magically presented to an audience. While erect, they stand bold and informative, but once compacted, these lightweight banners are ideally sized for storage or transporting.

SINGLE SIDED

Image is printed on 1 side of the banner for single sided display. The back side shows the see-through mirror image of the front side. (90% Transparency)

DOUBLE SIDED

Two single sided banners are sewn back to back enabling a double sided display. A block out material is sewn in between the banners to prevent light from shining through.

Tabletop & Ceiling Displays

Table top & ceiling displays offer instant eye-catching signage that can wonderfully deliver three different messages with one single unit. The ceiling unit can be simply attached on the ceiling and gives random revolving motion via airflow in the room. Newly introducing easy type T-Table Top. No needs of finishing.
It's a true space saving table top display. Also our Mini X comes as economical promotional message solution.

MINI ROLL-UP

- Professionally display even the smallest messages

Canopy Systems

Our commercial grade canopy system provides an excellent solution for any outdoor and indoor events. The hexagon shaped extruded aluminum frame is engineered to its perfection allowing the frame to be portable and sturdy at the same time. Full customizable tent top is printed on commercial grade UV treaded fabric (resistant to water and fire). This is the perfect solutions for trade show exhibits, sporting events, company events, special promotions and more. No tools required for set up.

- Canopy set includes hexagonal aluminium frame, full color dye sublimation top graphic, canopy ropes & stakes (set of 4) and carrying bag with wheels.
- Light weight hexagon shaped commercial grade aluminum frames (will not corrode in salt water environments).
- Premium quality full color dye sublimation printing on polyester fabric.
- Commercial grade fabric material - fire retardant, water resistant and UV coated.
